

My family and I love listening to K-Love. It has been an inspiration to us and many other people in our lives. It has brought so many people to Christ which is its main goal. It is also very important to us that K-Love stay on the air and take priority over the LPFM translators. Many of our listeners listen using FM translators and we cannot afford to have these stations taken off the air. K-Love is a powerful tool in reaching our community for Christ and other communities all over the country and world. K-Love's music provides hope and love to so many people and it can reach others if we keep it on the air. Please allow K-love to continue doing the awesome work that it has been doing.

Matt, Brenda, Abbie and Katie Rumery
